

# BESA COMMUNITY

## TRANSFORMATIVE GIVING

BESA CONNECTS PEOPLE TO THEIR COMMUNITY THROUGH EXPERIENCES THAT CHANGE LIVES.

# Besa Partnership 2018

Besa is dedicated to building transformative volunteer experiences for your employees, area nonprofits, and the greater community.

## Besa + You

Besa will develop a giving program that grows philanthropy among your team and supports the collective impact of your company.

Your team will have access to 300 Besa service projects. Every curated project is led by a Besa Volunteer Leader.

Besa hosts innovative city-wide supply drives to educate and connect your team to community need.

Besa manages and tracks group projects that encourage associates to give back as part of the team.

Together, we'll increase company engagement to address community need.

## Five Years of Doing Good
